WORK HISTORY

React Developer

Fatherland - Ibadan, Oyo

11/2022 - Current

- Developing and maintaining responsive web applications using React.js, ensuring high performance and seamless user experience
- Collaborating with UX/UI designers to implement pixel-perfect designs and enhance overall user interaction
- Integrating third-party APIs to extend application functionality and improve data retrieval processes.
- Participating in code reviews to maintain code quality and ensure adherence to coding standards.
- Working closely with backend developers to consume RESTful APIs and optimize application performance.
- Led development of customer portal, resulting in 20% increase in user engagement.
- Created web applications based on React, integrating Facebook's best practices for interface design.
- Conducting regular testing and debugging to identify and fix software defects, ensuring robust and reliable application.
- Collaborating with QA engineers to implement automated testing processes, reducing number of bugs in release.

Web/React developer

FRSC - Ibadan, Oyo State

01/2020 - 10/2022

- Collaborated with UI/UX designers to transform design mockups into responsive and user-friendly interfaces.
- Conducted code reviews to maintain high-quality code and ensure adherence to best practices.
- Collaborated with backend developers to establish effective communication between frontend and backend components.
- Designed REST calls using React to streamline user interface performance.

Web Developer Intern

Larva Coding Academy - Ibadan, Oyo

01/2019 - 12/2020

- Followed best practices for software development and web security.
- Developed testing code for web-based applications.
- Worked closely with developers on creating new code.
- Shadowed developers to learn key details about job duties and tasks.
- Adapted quickly to constantly changing, deadline-driven environment.
- Studied user requirements to gain strong understanding of project initiatives and deadlines.
- Pitched feature improvements to developer team for use in applications.

EDUCATION

HND in Science and Technology

The Polytechnic Ibadan - Ibadan, Oyo State

06/2017

GPA: 3.87

ACCOMPLISHMENTS

- Following completion of internship, I was offered a desirable position with the Federal Road Safety Corp as a web developer.
- Successfully completed the project "Quints" within budget and ahead of schedule.
- Designed a new workflow to improve overall query performance.

CERTIFICATIONS

- Full stack coding
